## Space & Naval Warfare Systems Command Awards Contract

SAN DIEGO -- Harris Corp., RF Communications Division, of Rochester, NY, is being awarded a \$17,911,760 firm fixed priced contract for the delivery of High Frequency Radio Group broadband radio systems. High Frequency Radio Group is used as a back-up to satellite systems, and it is used to communicate with our NATO allies. HFRG provides remotely controlled, rapidly tunable, reliable broadband ship-to-ship and ship-to-shore communications in the 2-30 MHz frequency spectrum. This contract contains options spread over four years, which, if exercised, will bring the total cumulative value to \$90,679,182. Work will be performed in Rochester. The period of performance is from August 31, 1998 through April 30, 2000. Contract funds will not expire at the end of the current fiscal year. This contract was competitively procured. The solicitation was published on the WorldWide Web, and one offer was received. The Space & Naval Warfare Systems Command is the contracting activity (N00039-98-C-0031).
